RECONSTRUCTION.

The *Times* pronounces the Reconstruction Policy of Congress a success. Upon the contrary, it is for all good, as dead a failure as the rebellion. Such Governments as exist in Tennessee, and Missouri, in Virginia and Louisiana, in Texas and Alabama, in North and South Carolina, are the deadest kind of failures. Even in Georgia, the State Treasurer charges the Governor with drawing $35,000 of the State money without accounting for it; the latter reports that as Governor he had a perfect right to do as he pleased, and claims that the Treasurer's action is prompted by personal motives. It is a misnomer and an insult to call that a success, which denies to the white man the Ballot, and official place, while giving both to the negro, and to show the extent of this, in one State, we see Gen. O B. Wilcock, in command of the military post at Lynchburg, Va., is at the head of a Board recently created by Gen. Stoneman, commanding the Military District of Virginia, who are to make examination of applicants for the 5 000 offices in the State which are *vacated by act of Congress*. These 5,000 white men in one State selected from the most honest and capable in their respective homes, are turned out of office by Congress, and their places are to be supplied by a military commission. Georgia, too, is denied her Senators in Congress, (yet with Representatives in the House,) after the people and Legislature have conformed a Constitution, approved by the majority of the people of the State and by Congress. And, as if past iniquities were not enough, we see still a new innovation in the proposed 16th amendment to the Constitution. All are to vote in the future, if this amendment is adopted, except women and Indians, and why? Not because this enlargement of the suffrage is to benefit the negro, but because, it is hoped, the negro will vote with the Radicals, and so perpetuate the power of Radical party.

These measures and the power to pass them are alike lamentable. To give political power, "without regard to race or color" is to ignore the experience of St. Domingo, the Spanish American Republics, and the wisest teachings of the past. To give the ballot to 750,000 ignorant negroes is quite experience enough for us, for at least quarter of a century. Spare us, therefore, from all further innovations of this kind.—*N. Y. Express.*

STIRRING SOIL AROUND TREES.

The universal compaint among fruit-growers has, of late, been that fruit is becoming almost worthless for marketing, owing to the ravages of the curculio. The following remedy, from the "Germantown *Telegraph*," is quite sensible, and a trial of the simple remedy proposed, if not resulting in the desired effect as far as the destruction of the eggs of the curculio will have a tendency to benefit the growth and health of the tree:

"The opening or lightening the soil around the roots of trees, either in the Spring or Fall, for the purpose of letting in warmth, and affording a freer medium for the expansion and development of the roots, is of great value in promoting the health and vigor of the tree.

All trees, whether fruit or ornamental, young or old, indigenous or exotic, are vastly benefitted by this process. In old orchards, the soil about the trunks of the trees, and to a considerable distance from them, in every direction, should be carefully broken, and the upper surface, to the depth of three or four inches, removed in the Spring, every four or five years. The eggs of the curculio and other insects, are deposited in this stratum, and if not removed or destroyed, will produce insects, the savages of which the succeeding year will be productive of far greater loss than the expense of removing the soil and replacing it with compost of loam. It is an utterly hopeless undertaking to attempt the cultivation of good fruit, when no measures are not resorted to obviate the fatal ravages of this detestable and insidious foe, and the remedy now suggested is by no means expensive, if we take into consideration the advantages otherwise resulting to the trees from its application.

Any good soil, taken from the open fields, or cultivated lands, may be used as a substitute for compost, and a very small quantity will suffice. Even if no fresh matter is applied, I would recommend the removal of the surface soil, and would replace it when convenient. Chip manure or old dung covered with straw, answers well for this purpose.

THE CASTOR BEAN.

Prof. Gregory, whom we have already spoken of as travelling through a large portion of the State recently, to promote the culture of the caston bean, informs us that the soil and climate of Texas are eminently adapted to the growth of the crop, and thinks it will pay better than cotton.

The bean is not affected by drouth or worm, while its culture is well suited to the present scarcity of labor, especially as in the perennial form, it will, as in India, provide five or six crops without replanting.

It should be planted in rich ground, early in March, deeply covered—the ground checked off as for corn, eight feet between the rows, six feet between the plants in a row. Plant two beans in a hill, cover and work between as for corn. When the plants are a foot high, thin out to one plant; pinch off the top of that, and, if the tending is to grow rank, repeat the pinching on the end of each branch, when the plant is three feet high; and again the same when it is five feet high, as the blossom or spike usually grows out of the fork of the branches.

For uplands six feet each way will usually give room enough. This checking will make about 1,200 plants to the acre, requiring some 2½ pounds of seed. These 1,200 plants, it is believed, will yield about 2½ pounds each of clean seed, which, at the rate of 3 cents per pound, specie, the price paid by Messrs. H. J. Baker & Bro., New York, last year, would realize the handsome sum of $81 per acre. This result, however, requires not only the large perennial seed (the only sort that should be planted) but good ground, well worked, and a shelter to throw the spikes under as fast as gathered. The greatest losses in Texas have been caused by want of the large perennial seed, and resorting to the small annual bean.—Fine results have been attained in Texas by merely putting in a few seeds to make shade for poultry, and as an ornament, without any cultivation whatever.

Profitable experiments can be made by raising one plant in each angle of the rail ences of cotton fields. This will also help to protect the cotton against all destructive insects, including the cotton worm. It may also be found valuable to alternate cotton and the bean through large fields—planting every 3 d, 4th or 6th row with the bean.—*Texas Paper.*

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK.....*President.*
ABRAM D. POLHEMUS.....*Vice President.*
WILLIAM M. COLE.....*Secretary.*
D. P. FACKLER.....*Consulting Actuary*
DANIEL AYRES, M. D., LL.D.. *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the MOST LIBERAL Life Insurance Company in the United States are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their assured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

H. W. ST JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Polices at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6.000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies,

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

CAPITAL STOCK, $228,500.

Nett Assets of the Company, July 1st, 1868, $330,942.06.

Insures lives, and promptly adjusts and pays losses. Its principal business is with Southern States, and to them it appeals for patronage. It has ample means to fully protect Policy holders and pay all losses.

The "Southern" combines the advantage of both note and cash system, stock and mutual—such as choose to pay cash may do so and secure a non-forfeitable policy and all the advantages of a Cash Company. The privilege of a permanent loan for one-third is granted to all who desire it.

It makes investments at home in good and reliable securities, thereby tending to make money more plenty in our midst, and to aid us in developing the resources of our section, and to stop the annual drain of over SIX Million dollars, which are being sent North for Life Insurance.

Its profits are equitably distributed among Policy holders and stockholders.

In its organization are presented men of experience in Life Insurance and their aim will be to make the "Southern Life" the exponent of the business, enterprise and progress of the present day.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the means of every family.

The Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, FEBRUARY 5, 1869.

THE STANDARD WOUNDED WHERE DOWNING WAS.

It would seem from reading the *Standard* that, this organ of Littlefield has been wounded in its "tender part," by Wednesday's exhibition of "moral blindness" on the part of the Senate. Littlefield, in his paper, talks of the "dignity of the Senate;" "The honor of the State;" "Bribery merits punishment;" "Wilful and deliberate blackening of the character of the whole General Assembly," as Sweet attempted. His (Sweet's) false accusation against his brothers. His contemptible effort to hide his own crime by lying charges against others—better than himself. His (Sweet's) charges" as false as hell."

"The eyes of the people are upon you Senators; they will treat you with scorn and contempt if you pass by lightly Sweet's atrocious crime. "Remember your duties as Senators and your honor as men."

"There is a farce being acted in the Senate Chamber. Blind justice has become a harlequin and virtue a mottled fool with dangling ears. Vice is the reigning beauty. Senators dandle her. Bribery is the queen."

These delightful extracts are to be found in the *Standard*, while its Editor has fled the City and dare not show his face until the Committee on Bribery and Corruption shall be discharged. Yes, his grog shop was, for a while, opened in the walls of the Capitol itself. He received money to lobby railroad bills through the House. He is known to have loaned bankrupt members money without security. He is said still to furnish wines and liquors to the peoples' representatives. His paper deals in vile abuse and invective against the only Republican who has had the manliness and courage to denounce the bribery and corruption proven upon the Editor and proprietor of the *Standard*.

The flight and long absence of the *Standard* Editor is the confession of his guilt. The circulation of his paper, after a base attempt to blacken the character of every female in the State, is evidence of the demoralization of the times in which we live.

Oh, tempora! Oh, mores!

AMENDMENTS TO THE CONSTITUTION.

The *National Intelligencer* of Monday, contains an article, (editorial,) on the proposition to change the Federal Constitution, so as to insure negro suffrage throughout the States—and said article also makes reference to suggestions of Presidents Jackson and Johnson, relative to so altering the Constitution as to elect the President by ballot, in the same manner that the Governor of our State is elected. [We will endeavor to lay the entire article before our readers, to morrow.] This, of course, would do away with electors, and the electoral college, and to our mind, would insure fairness, and reflect the wishes of the majority of the voters.

The *Intelligencer* referring to universal suffrage, the amendment now proposed, is disposed to exercise a grain of charity towards the movers thereof "who propose to change the Federal Constitution by process of amendment. The charge may be mischievous, and the motives of the authors not pure or praiseworthy; the idea may be in effect to tamper with the ballot-box so as to secure a party triumph, a process of stuffing on the one hand, and abstraction of votes on the other, which used to be a Penitentiary offence; there may be an insolent distinction of color in favor of the black man, and the end of it all may be bitterness and strife. The mode of securing ratification may also be objectionable in that it proposes a snap judgment by legislation upon propositions which were not submitted to the people when those Legislatures were chosen, but, on the contrary, carefully withheld, and the game may be thus to extract the assent of States which would not give their consent if the vote of the people could be had, and even where, as in the case of Ohio, Michigan and Connecticut, their assent has been distinctly refused by large majorities," &c.

Governor Brownlow, of Tennessee, will resign about the 28th, of February. Hon. De Witt Senter, Speaker of the House, will act as Governor during the remainder of Brownlow's term of office. The latter has not left his room but a few times in eighteen months.

Virginia, Tennessee and North Carolina papers are requested to publish the fact that the meeting called to assemble in Knoxville, Tenn., on the second Wednesday in February, has been postponed until the meeting of the adjourned Norfolk Commercial Convention to be held in Memphis next May.

During January, Baltimore received of cotton 2,464 bales from Charleston, 2,887 bales from Norfolk, 1,844 bales from Savannah, 873 bales from New Orleans, 509 bales from Richmond, and 364 bales from Wilmington, N. C., 253 barrels rosin and 60 barrels spirits turpentine from Norfolk; 620 barrels rosin and 415 barrels spirits turpentine from Richmond. The only tobacco received from Virginia was 94 hogsheads and 43 packages from Richmond.

The latest about Bismarck is that he can only get sleep by listening to the strains of a fine musical box recently given him.

A report is current that General Dix protested against the usual honors with which Jefferson Davis was recently received at St. Cyr, while on a visit to the military schools there.

For the Sentinel.

PARLIAMENTRY AND SENATORIAL.

MR. EDITOR:—When the question was pending before the Senate, on the amendment of the Senator from Montgomery, last Friday, whether Senator Robbins should be reprimanded, Mr. Welker, the Senator from Guilford, moved that the amendment should be laid on the table, which the President of the Senate, Mr. Caldwell, had explained would carry with it, if adopted, the whole subject. Mr. Welker was allowed, without interruption, to give his reasons, in extenso in support of his motion,—his motion, by the rules of the Senate, not being debatable. When he concluded, Jones of Wake, (Radical) not *Osborne*, asked Welker to withdraw his motion, to enable him to submit some remarks. Welker promptly withdrew his motion, whereby the question pending was on the amendment of Davis, to reprimand Robbins; but Jones was allowed to discuss the motion to lay on the table, in the course of which he impugned the motives of Sweet in the inception and conduct of the investigation, insisting that the matter ought not to stop without some expression of the Senate conveying censure of Sweet's action. All of Jones' speech, reflecting on Sweet, was out of order; but he was not called to order. Instantly, on Jones taking his seat, without renewing Welker's motion, Osborne got the floor and was proceeding to reply to Jones's reflections on Sweet; whereupon Senator Rich called him to order, the propriety of Sweet's conduct, on the pending issue whether Robbins should be reprimanded, not being debatable. The President held that the point of order was well taken. The effect was that while Jones had been allowed, without interruption, to abuse Sweet, no reply to his aspersions was allowed, every honest spectator was disgusted at the management by which abuse of Sweet, out of order, was allowed—and Osborne denied the privilege of replying to these aspersions.

Your reporter makes Osborne thank Welker for withdrawing his motion, whereby Osborne, was allowed to discuss the subject. He omits to mention that Welker withdrew his motion, at the request of *Jones*, and not at *Osborne's* request, leaving the impression on your readers that Osborne was indebted to the courtesy of Welker for the floor. He was not indebted to such courtesy, but to his dexterity in getting the floor when Jones concluded without renewing Welker's motion. The report in your paper, omitting Jones's part, gives Welker credit for liberality he did *not* exhibit, and makes Osborne's allusion to Jones' remarks unintelligible, and does not make apparent to your readers, the readiness of Sweet's enemies in the Senate, to allow aspersions on his character; and unwillingness to allow reply to such aspersions, which a full version of the proceedings would have made clear.

I witnessed the proceedings and know the above to be a true version.

Notwithstanding I not only disapprove, but abhor, Republicanism and its Reconstruction acts, and their villainous inroads on our constitutional government, State and national, Senator Sweet satisfied me, last Friday, that it was *possible* that an *honest* and *intelligent* man could be a Republican. It had seemed to me *impossible* that any sensible, honest man could favor a scheme which committed the Government of the South to the negroes and their baser allies, looking to ruin as the consequence—a plan they could not fail to know would place in power in this State, and the South generally, both in the legislative halls, on the bench, and in the Executive department, a set of mercenary demagogues and ignoramuses,—already demonstrated by results. I was so uncharitable that I could not believe that any sensible man could be found who could believe that civilization could be advanced by making the *sans culottes* the governing power.

The conduct of Senator Sweet, and his speech last Friday, amazed me, as they proved that he, notwithstanding he is a Republican, is alike distinguished for talent and public virtue. It is as unaccountable an anomily in human conduct, as is the conduct of the bawd on the field of battle, regardless of personal peril, carrying water to famishing wounded soldiers whom she does not know.

Sweet is a Republican. He voted to let all the negroes vote; to deny this right to the great body of men among us, having property and intelligence. He approved of throwing the judicial ermine on a set of politicel demagogues. He voted to make a man Governor who had notoriously devoted for long years, all his energies to the stirring and fomenting of sectional strife. Yet, no one can have read his report, or heard his speech, last Friday, without conviction that he is a man of much moral courage, distinguished talents, and unquestionable patriotism. Conscious rectitude has thus far sustained him against the packing of Jones, Blythe, Smith, and other ignoble political associates.

While the powers that be are endeavoring to charge him, (with apparent success,) for his failure, (with Littlefield, and others, evading his examination,) his report exhibits facts which ought to startle the State. With your indulgence, I may yet offer some commentaries upon the unquestionable facts disclosed by the evidence of Dr. Hawkins, and others. Sweet deserves well of the State. "Truth crushed to earth will rise again." SPECTATOR.

"Spectator," thinks he witnessed in the Senate shameful conduct on the part of the presiding officer of that body, but that was nothing. His first and his last acts in the Senate, were both contemptible and cowardly, and to characterize his acts by milder terms, would be to wink and connive at meanness. At the opening of the session, the President of that body entered the Senate with nothing but Gen. Canby's certificate of election to entitle him to take his seat as presiding officer. The Constitution says he shall not have even a vote, except in case of a tie in the Senate.

All Senators offered certificates from the same source, to wit, Gen. Canby. The presiding officer, because they were opposed to him in politics, ruled some half dozen Senators out of their seats, by a trick and connivance with Judge Dick, who administered the oath to Senators in organizing the Senate. We heard a Senator tell the Judge and the Senate, that he was ready to take the same oath that other Senators did; that he had a certificate of election, such as other Senators had; and yet, the Judge, acting in a Judicial capacity, refused to administer the oath. We have reason to believe that Judge Reade, and certain debauched political tricksters, had agreed upon that course out of doors, and before they began to organize the Legislature.—Before the Howard amendment is adopted, and before it had by adoption become a part of the Constitution, the President of the Senate, to the infinite disgust of Galloway, and all negro and white decency and propriety, ruled, that the Howard amendment was in force in North Carolina.

The Senator from Iredell, John McLaughlin, was detained at home by reason of sickness, at the opening of the session.—The President of the Senate had served with him in the Convention, and knew him to be a Union man who could, and had taken, the test oath. When this venerable Senator, who has reached the age allotted by the Psalmist to man, approached the bar of the Senate chamber, the President of the Senate, with that insolence as becoming a Holdenite, asked if he was bained by the Howard amendment. The reply to this impertinence was in the language of John Randolph, "go ask my constituents."

The Speaker and his partizans refer the credentials of Senator McLaughlin to a Committee. The Committee summon him to appear before them. He refuses to obey their summons. After three days in the lobby, and a resolution from Dr. Love, censuring the Senate, and proposing to admit and administer the test-oath to the Senator from Iredell, he is finally admitted to his seat as he should have been the first day.

But we have said, the last act was as contemptible as the first. The last act was on Wednesday, in which the presiding officer ruled that debate could continue after a call of the previous question. Upon a motion to adjourn, he declared the Senate adjourned, when a decided majority had voted against adjournment. Calls were made for a division, which he refused to put, declaring the Senate adjourned.

Such shameless conduct in a presiding officer, was never before witnessed by any deliberative body; and we have written this, in the language of the black Commoner from Caswell, that it may be handed down in the "archives of gravity," not for imitation, but for abhorrence.

Legislature of North Carolina.

SENATE.

THURSDAY, Feb. 4, 1869.

UNFINISHED BUSINESS.

Substitute, offered by Mr. Brogden, for the resolution of censure introduced by Mr. Welker.

Mr. Forkner said the previous question was called on yesterday on the whole subject, and that another amendment could not be entertained, though the Chair decided on yesterday to the contrary.

Mr. Graham said he raised the same question on yesterday and intended to appeal from the decision of the Chair when the Senator from Carteret, with his usual *courtesy*, succeeded in getting the floor and moved an adjournment.

The President ruled that no appeal having been taken from the decision of the Chair on yesterday, it was now too late and the proper question before the Senate is the adoption of the substitute, offered by the Senator from Wayne, for a resolution introduced by the Senator from Guilford.

Mr. Brogden urged the adoption of his substitute, but it was rejected by the following vote:

YEAS.—Messrs. Barrow, Bellamy, Brogden, Blythe, Cogdrove, Davis, Eppes, Colored, Harrington, Legg, Moore, of Carteret, Moore, of Yancey, Smith and White—13.

NAYS.—Messrs. Barnes, Beall, Cook, Forkner, Graham, Jones, of Wake, Lassiter, Lindsay, Love, Mason, Melchor, Osborne, Richardson, Respass, Scott, Shoffner and Welker—17.

Mr. Moore, of Carteret, moved the indefinite postponement of the whole subject.—Lost.

Mr. Moore, of Carteret, offered the following amendment:

That Mr. Robbins receive a vote of thanks from the Senate. Voted down.

YEAS—Messrs. Bellamy and Moore, of Carteret.

Mr. Lindsay said that the proposition was so *extremely contemptible* he did not desire to vote at all and asked to be excused, which was not granted and he voted in the negative.

Mr. Barrow offered a substitute for Mr. Welker's resolution which in substance was the same.

Mr. Robbins said he thought *the act deserved censure, and urged his friends to vote for the substitute.*

Mr. Barrow's substitute was adopted and passed.

NAYS.—Messrs. Bellamy, Cook and Harrington.

A. H. Galloway, colored, introduced a resolution requiring Senator Sweet to come before the bar of the House and receive a reprimand.

The President ruled the resolution out of order.

Mr. Sweet said he hoped no objection would be raised, and that the Senate would act at once. He said he had been prevailed upon to sign the report of the Committee, so far as asking to be discharged, contrary to his own desire. He hoped the Committee would not be discharged. If it had no other effect it would be the means of keeping out of the State a class of vampires whose object was to destroy her interests. No language could convey his utter indifference or contempt for the censure proposed in the resolution just introduced.

A reference to the journal showed that the report had been accepted, therefore, the Committee had been discharged.

On motion the report was adopted and a message was sent to the House stating the action of the Senate.

SPECIAL ORDER.

Bill to regulate proceeding and partition and sale of real estate and personal property. Passed its second reading.

A Communication was received from the Public Treasurer, in reply to certain charges made by Senator Sweet in his remarks before the Senate on the report of the Committee on Bribery and Corruption. Which was ordered to be printed and made the special order for Wednesday next.

On motion the Senate adjourned until to morrow at 10 o'clock.

HOUSE OF REPRESENTATIVES.

THURSDAY, Feb. 4, 1869.

According to adjournment the House was called to order at 10 o'clock.

Prayer by the Rev. Mr. Atkinson, of the Presbyterian Church, of the City.

Journal of yesterday read and approved.

Messrs. Durham, Ellis and Malone were granted leave of absence for a short time.

By leave Mr. Dixon: A resolution, instructing the Committee on Public Ground's and Building's, to provide a suitable office for the State Geologist for a Cabinet and Laboratory.

On motion of Mr. Dixon, the rules were suspended.

Mr. Hodnett thought the resolution looking in the wrong direction. It is proposed to establish a Geological Department at the University, and that was the place, he thought that officer should be located.—The Laboratory had been prepared at Chapel Hill for the Geologist and he (Mr. Hodnett) did not see why the State should go to the expense to fit up another Laboratory here, &c. After some further debate, the resolution was put to a vote and adopted.

On motion of Mr. Malone, the rules were suspended, and the report of the Committee in reference to providing an office for the Auditor, was taken up.

The report proposes to give to the Auditor the office now occupied by the Superintendent of Public Works.

Mr. Malone moved to concur in the report.

Mr. Stilley, thought the report incomplete as it did not provide an office for the Superintendent of Public Works, &c.

Mr. Robinson said that the Committee submitted the report in question after a most careful examination of all the offices in the Capitol. The fact was, there were more officers than there are comfortable rooms in the building, and it was impossible to accommodate all them properly.

The Superintendent of Public Works having as yet no defined duties, the Committee concluded to give his office to the Auditor, who had always a large amount of business to attend to, &c. After some little debate, the question recurred upon Mr. Malone's resolution to concur, which being put to a vote, was adopted.

On motion of Mr. Malone, the rules were suspended, and the report of the Committee on Salaries and Fees was taken up and made the special order for next Thursday.

John Williamson, colored, presented a petition from the Commissioners of Franklin County, asking authority to levy a special tax. Referred.

By Mr. Rea: A bill in relation to fishing in the Albemarle Sound. On motion, referred to a Special Committee of Three.

By Mr. Stilley: A resolution instructing the Committee on Public Grounds and Buildings, to provide an office for the Superintendent of Public Works, and for the State Geologist, and report as early as possible.

On motion, the rules were suspended, and the resolution was adopted.

By Mr. Williamson, colored: A bill authorizing the Commissioners of Franklin County to levy a special tax. Referred.

By the same: A bill to charter the Louisburg branch of the Wilmington & Weldon Railroad. Referred.

By Mr. Malone: A bill making it a high misdemeanor to obtain goods under false pretences. Referred.

By the same: A bill to authorize Justices of the Peace to administer oaths in all cases and to take depositions. Referred.

J. S. Leary, colored, presented a bill from the Code Commission respecting the County Treasurer.

On motion of Mr. Veazal, the rules were suspended and the bill authorizing the Northwestern Railroad Company to receive subscription in land to its capital stock was taken up and passed its second reading.

On motion of Mr. Malone, the rules were suspended and the bill passed its third reading.

On motion of Mr. Estes, the rules were suspended and the resolution in favor of W. M. D. Moore, late Clerk of the County Court of Brunswick, was taken up and adopted.

On motion of Mr. Estes, the rules were suspended and Senate bill No. 14, to protect certain citizens of the State who rented lands from the United States Treasury agents during the war, was taken up and passed its several readings.

On motion, the rules were suspended and the bill requiring contracts for the State to be advertised was taken up, and after some debate, was, on motion of Mr. Malone, returned to the Judiciary Committee.

By Mr. Robinson: A resolution requiring the Superintendent of Public Works to report to the Joint Committee on Public Grounds and Buildings by what authority he occupies the Executive Mansion, also that said Committee be instructed to report any reason that may exist why the State Geologist and Superintendent of Public Works should not have offices assigned to them in the Executive Mansion.

On motion of Mr. Robinson, the rules were suspended, and the resolution adopted.

On motion of Mr. Davis, the rules were suspended and the bill to incorporate the Beaufort Harbor Steam Ferry Company was taken up and passed its third reading.

On motion of Mr. Wilkie, the rules were suspended; the bill prescribing the power and duty of the Governor in cases of fugitives from justice, was taken up and passed its several readings.

SPECIAL ORDER.

The various bills submitted by the Code Commissioners, to wit:

Bill 133 in relation to proceeding in cases of *habeas corpus*, was taken up and passed its several readings.

The bill to make certain amendments to the Code of Civil Procedure, was next taken up and, after concurring in the various amendments, reported by the Judiciary Committee, passed its several readings.

The bill concerning proceedings upon impeachments, was next considered and passed its several readings as amended by the Judiciary Committee.

A message was received from the Senate asking concurrence in the bill amending the Charter of the Western R. R., and to build a branch road to Selma, Johnston Co. The bill was ordered to be referred to the appropriate Committee.

Another message was received from that body, announcing the adoption of the report of the Committee on Bribery and Corruption, and transmitting the following resolution:

Whereas, It appears, by the report, of the Committee on Bribery and Corruption, that Wm. M. Robbins, Senator from the 32d Senatorial District, did, on the 22d day of August last, received from John W. Stevens, the sum of twenty dollars, for his services in securing the passage of a resolution through the Senate in favor of said Stevens, and

Whereas, a Senator cannot rightfully receive any fee or reward for his services as a Senator beyond the per diem allowed by law, and

Whereas, The receiving of any fee or reward is a high breach of the privileges of the Senate, and tends to the distruction of legislative integrity,

Therefore, Resolved, That the Senator from the 32d Senatorial District be, and is hereby censured by the Senate of North Carolina.

Mr. Estes moved to concur in the action of the Senate in receiving the report and discharging the Committee on Bribery and Corruption.

Mr. Malone said:

This Committee should not be discharged. The Committee report that certain witnesses have been summoned and refused to attend, which is very suspicious. If a witness refuses to attend Court on summons, it is always evidence of something wrong—it is stated by a Senator in his place this day, that these contumacious witnesses have left the State—that they have fled the State after "sucking, like vampyres, of the State's very life blood." Let the evidence be looked into by this Committee; give time for these witnesses to be brought forth; let these indictions of misconduct be fully explained. A leading member of the Committee requests that the Committee shall not be discharged, and the report shows that the ends of justice may have been defeated by the failure of these witnesses to attend. No doubt exists but strong suspicions rest upon certain capitalists in this State. If they have influenced this Legislature let us know it. What objection can there be to a full, fair and impartial investigation? If these men are innocent, this investigation of the facts will but the more triumphantly vindicate their characters. But if the very vitals of the old North State are being preyed upon by Shylocks, is it not time that the representatives of the people should wake up to this matter? This Committee, by asking its own discharge, cannot influence the action of this House. We should consult the great interest of the people. The report of the Committee is the strongest evidence of the necessity of the continuance of this matter. They show a very unusual transaction in reference to $100,000 in bonds. They show many strange actions of officials. Why not throw open the doors and have a complete and triumphant investigation?

Mr. Estes said that the report did not show that any witness *refused* to appear, but that one or two *failed* to attend. If any gentleman at all interested, should request in justice to himself to postpone action upon this report he (Mr. Estes) would certainly be willing to grant such request, &c. But as the case stood at present he saw no good reason why the report of the Committee should not be at once concurred in.

Mess. Pou and Stilley were opposed to a continuance of the Committee, and were in favor of concurring in the action of the Senate.

Mr. Malone again took the floor in opposition to the motion to discharge the Committee. He had understood that Senator Sweet asks that it might be continued. He hoped that measures would be taken to compel the presence of those absconding witnesses before the Committee, &c. He moved to postpone action until Friday next.

J. H. Harris, of Wake, colored, said Senator Sweet had openly declared in his seat that he could prove his charges in five minutes. Now five minutes five days; yes five weeks had been granted, and yet the charges are not made good. He knew the two men who Senator Sweet had in his minds eye, when he made those declaratio s and those men were Mr. Stevens, of Craven and Senator Robbins. Now the report of the Committee shows no guilt attached to Mr. Stevens, and as the Senate refusing to expel Mr. Robbins, declare that no guilt is fastened upon him, therefore Senator Sweet has failed so far as those two gentlemen to prove any thing. Now Senator Sweet had himself signed the report, asking to be discharged, &c. He hoped the motion to concur would prevail.

Mr. Hodnett said that man, who had been so abused in his hearing, to-wit, Mr. Sweet, instead of being injured by such reproaches, would and did, command the respect and admiration of the people for his noble effort to vindicate the legislative integrity of the State.

Now while he (Mr. Hodnett) did not make any charge upon any member of this Assembly, but he felt almost certain that there has been an immense amount of corruption, not confined to the inside of this Legislature solely, but parties outside have influenced legislation by money considerations. The reports of the corruptness of this Assembly had gone abroad among the people, and he felt that he labored in common with others under the stigma, therefore in justice to himself and other honest men wished the matter to be sifted thoroughly to its very bottom, &c.

Mr. Pou again took the floor and said:

In view of the case, can it serve any useful purpose to continue the existence of the Joint Committee.

The Committee, itself, asks to be discharged. If it has made a *full and complete investigation*, it ought to be discharged as requested. If it has not made a full and complete investigation it is either because of its unwillingness or its incompetency to do so, it ought to be discharged, and if it is and be, a new Committee raised.

The evidence taken before the Committee is now published to the General Assembly and to the people of the State. That evidence may serve as a basis for future investigation by some Committee, to be hereafter appointed.

Whenever a need appears for that future Committee, I shall vote to raise it, and to give it the ample powers which I voted to give the present Committee.

Mr. Ingram said he was in favor of raising the Committee, but believing that the Committee can do no more on account of the absence of important witnesses, he was in favor of their discharge. But there is an uneasiness in and out of this Legislature, that all is not right, and it will take more than wholesale denunciation to destroy the character of Senator Sweet in the estimation of all parties who desire the good of North Carolina.

After some further debate, the question recurred upon Mr. Malone's motion to postpone, which was put to a vote and lost.

The question recurring upon Mr. Estes' motion, Mr. Malone called for the yeas and nays.

The call being sustained, resulted in the following ballot:

YEAS—Messrs. Allison, Ames, Ashworth, Blair, Carey, colored, Davidson, Estes, Forkner, Foster, Franklin, Gahagan, Gibson, Graham, Grier, Gunter, Harris, of Wake, colored, Hayes, Hendricks, Hodgin, Horney, Hugings, Justus, of Henderson, Justice, of Rutherford, Kelly, of Davie, Kelly, of Moore, Kinney, Long, of Chatham, Long, of Richmond, Mayo, colored, McCanless, McMillan, Morrill, Pearson, Pou, Proffitt, Rugland, Renfrow, Robinson, Reynolds, Seymour, Simonds, Snipes, Stilley, Vest, Waldrop, White, Williamson, colored, Wilson and Wiswall.

NAYS—Messrs Boddie, Carson, Cawthorn, colored, Cherry, colored, Harris, of Franklin, Hicks, High, Hinnant, Hodnett, Leary, colored, Malone, Mendenhall, Moore, Price, colored, Siegrist, Smith, of Alleghany, Smith, of Wayne, Sweat, colored, Sykes, colored, Welch, Wilkie and Williams, of Harnett.

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 29th, 1869, of S. D. Wait, General Agent of the Conn Mutual Life Ins. Co., two thousand five hundred and forty five dollars, in full payment of Policy No. 34,031, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.

(Signed) —— ——, of Newbern, N. C."

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state although the party had not been insured quite two months, yet received a 50 per cent. dividend on $45 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning and the present dividend (Feb 1st, 1869,) exceeds the average. On this (each) annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest, which increases the policy holder's dividend annually, and on some policies pays over 70 per cent. this year. They have also adopted a *reduced all cash premium table*, with immediate annual dividends.

This Company is purely mutual; there are no Stockholders to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived about from its business, and has $154 assets, accurately invested for every $100 of its liabilities.—Its plans of business comprise all the desirable forms of insurance. Jan 28-4tw* MANY CITIZENS.

To the People of the Southern States.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnappa, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, its proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to prate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of this article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no entrance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnappa, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnappa, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of Schnappe prior to the introduction of Wolfe's Schiedam Schnappe, in 1834; and the label was deposited, as its trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the profections so carefully thrown around these schnappe would have precluded the introductions and sale of counterfeits. They seem, however, only to have stimulated the rapacity of impostors. The trade mark of the proprietor has been stolen; the indorsement which the Schiedam Aromatic Schnappe alone received from the medical profession has been claimed by merciless humbugs; his labels and bottles have been imitated, his advertisements pirated, his circular copied, and worse than all, dishonorable retailers, after disposing of the genuine contents of his casks, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick for whom the Schiedam Aromatic Schnappe is prescribed as a remedy, are equally interested with the proprietor in the detection and punishment of these infamous practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a barley of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unequaled purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States of the sale of cheap imitations of the Schiedam Aromatic schnappe in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the thirsty. The agents of the undersigned have been requested to institute inquiries on the subject, and to ferret out and bring to the notice of such parties as they may ascertain to be engaged in the atrocious system of deception. In conclusion, the undersigned would say that he has proceeded, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the Schiedam Aromatic Schnappe, that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has known it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiments in all its forms; and from every ordeal the preparation which bears his name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick, to denounce and to expose the charlatans who counterfeit these evidences of identity, and he calls upon the press and the public

OUR THANKS are due to the Hons. Messrs. Dewease and French, for Congressional documents received by last mail.

NORFOLK BOARD OF TRADE.—Col. E. S. Lindsey, E. W. Moore and W. C. Marrow, are at the Yarborough House. They visit our city at the bidding of the Board of Trade, to talk and consult upon the subject of immigration, and to suggest Norfolk, as the port of entry for our immigrant ships. We bid them welcome, and success to the enterprise. No city of the South reaches out its arms so far for business and trade as this old city of Taswell, though she is now out of the Union. We, being in, must not, in our loyalty, look down upon her. We can be of great benefit to each other if we will—and we say, let us be.

WE announced, briefly, yesterday, that three white men, Raiford, Pearce and Driver, had been convicted and sentenced to ten years imprisonment, in the Penitentiary, for the high crime of highway robbery. These men are but a part of a gang of robbers who have been committing the most daring acts, not only in this, but some of the adjoining counties. Their sentence was as mild as the enormity of their crimes could demand; and still, it was a scene calculated to melt the most stubborn heart, to see the wife and mother taking the last fond embrace of the son and husband, just before they entered the dark and cheerless dungeon, there to stay, until removed to the State prison. Stout men, unaccustomed to weeping, shed tears, as the poor old mother threw her arms about the neck of her disobedient son, and bade him a long, and it may be, a final adieu! And the wife, as she extended her arms upward, and around the neck of him who had promised to "love, cherish and protect," there to weep a moment, and perhaps whisper words of cheer and consolation in his ear, and then to leave him in a felon's cell, was a sight, which, we hope, will have a salutary influence on society. It is well that the law hath no ear for the piteous cries of females thus outraged by their sons and husbands—justice holds the scales, with her eyes bandaged—the wicked must suffer the penalty due their crimes, or society is ever in danger.

HAVING AN IDLE HOUR, last Wednesday, we concluded to visit the Court-room, and to stand uncovered, for a time, in the official presence of His Honor, Judge Watts. We found the Court room crowded—two-thirds of the persons present, being negroes, and a majority of the cases on docket either brought by, or against, this class.

In the bar, we recognized our friends Badger, Attorney General Cox and F. H. Busbee—being all the counsel present.

A case was being tried in which a negro was charged with stealing a hog—Badger vs. Busbee, the counsel employed. We cite the case simply to pay our young friend Busbee a merited compliment for the law yer like shrewdness with which he conducted it for his client,—(we say nothing of Mr. Badger, for he is an old lawyer, and is well known at our bar.) We were particularly well pleased with the manner and style, as well as the knowledge of law, exhibited by Mr. Busbee, in laying down to his Honor what was the law in regard to evidence. His argument was well conceived and well put, and we predict for Mr. B. a brilliant career in his profession. He is a son of the late Perrin Busbee, a gentleman whose name is familiar throughout North Carolina.

Capt. W. N. Dromgool, for many years a conductor on the N. C. Railroad, died at the residence of the late Dr. Davis, in Goldsboro', on the evening of the 31st. ult.

Mr. William E. Morgan, of Goldsboro', has been North and secured a corps of musical professors, and intends soon to travel. We hope Mr. Morgan will give Raleigh a call. Morgan is a proficient, himself, in the art musical, and a Company of his selection, will, we know, draw crowded houses.

It sounds a little funny to hear the Goldsboro' *News* say "that not the slightest grounds for the charges" made by Mr. Sweet, exists—that is, according to the report of the Committee, except the one against Mr. Robbins. This is a wonderful age, a wonderful country, and a wonderful people.

NARROW ESCAPE.—Yesterday afternoon as Master Frank Smith, son Mr. Alex. R. Smith, of this city, was passing along Market street, the wind blew so violently as to turn his umbrella wrong side out, and while his attention was engrossed with the unmanageable umbrella, the sign of Messrs. Blumenthal & Levy, under which he was passing, fell, crushing his umbrella all to pieces, knocking off his hat, and very narrowly missing his head. Had the heavy sign descended on Frank's head, it probably would have been fatal to him, and the escape was truly Providential.—*Wil. Star.*

POLITICS IN THE CHURCH.—When men suffer their politics, or political whims, to mix up with their religious opinions, we are inclined to the belief that there is a decided lack of brains, or else, a superfluity of that essential to reason. We have been told, within the last twenty-four hours, that there are those, hereabouts, native-born, who are so thoroughly radicalized, or galvanized, that they have come to the conclusion that the direct road to Heaven is through the Methodist Church, North, and that they have, or are about to, sever their connection with the M. E. Church, South, and join the Northern division. They do it upon the principle that "all men are created free and equal," and it is right to mix the colors here on earth, preparatory to that indiscriminate commingling which they suppose will take place in the streets of the new Jerusalem, "some of these days."—"Every man to his notion," is an old maxim, and we have no objection to its being carried out; we prefer distinction, and a white man's government,—willing to take our chances for the other world, "on this line."

TERRIBE DISASTER.

Breaking of Dams and Flood in Connecticut —Loss of Life and Destruction of Property.

DANBURY, CONN., Feb. 1.

Last evening the Upper Kobs ns dam which supplies this borough with water, gave way, letting down water with such force as to carry away the lower dam also. The water of the two dams thus let loose formed an irresistible force, which carried away every thing before it. Flint's dam, which was carried away by the flood last summer, was again destroyed. Upper Main street bridge was carried away; also, Balm forth avenue and White street bridges, while Path street bridge, and one at Lacy Hoyt's, were rendered almost impassible. Houses and small buildings were carried down the dam and destroyed. Immense cakes of ice, with rocks, trees, &c., were carried to a great distance. A house in the North end of the town, occupied by a family named Clarke, were carried away with the inmates. A man, his wife and boy were drowned. The body of Mrs. Humphrey was found, and the bodies of Mrs. Husted, and Mrs. Charles Andrews were also recovered. Thus far five bodies have been found, but as a number of persons are missing, it is feared they have been drowned. It is supposed that twelve or thirteen lives are lost.

THE AMERICAN PRISONERS IN PARAGUAY—LETTER FROM MR. BLISS.

A letter from Porter C. Bliss, dated United States Flagship Guerriere, off Montevideo, December 19th, 1868, written to his parents in Cattaraugus county, New York, has been published and contains the following:

"After three months of imprisonment in Paraguay, I have been rescued from the grasp of Lopez by the United States squadron under Admiral Davis, and along with my companion, Mr. Masterman, embarked on board the American gunboat Wasp on the 30th instant, and arrived here yesterday. Lopez demanded, as a condition of our surrender, that we should be sent to the United States as prisoners, to be tried there for the alleged offence of conspiring against him, and Admiral Davis accepted the condition. I am under no restraint on board this magnificent vessel, where I am treated with every attention by the officers. In a few days we shall be sent to the United State, so that shortly after receiving this you may expect to hear of my arrival at Washington, where the government will, doubtless, give the case a thorough investigation, which is my most earnest desire. I forbear to enter upon the thrilling details of what I have seen and experienced during my imprisonment and will only add that I am in tolerably good health and in excellent spirits."

The Mobile negroes take kindly to politics, although the white men of their party sometimes interfere to prevent the free exercise of their talent. Just before the recent municipal election there was a negro caucus in a church, where one of these ardent politicians thus delivered himself: "Ise a radikul, I is; I wants to see a shore enuff, ole time, sway back radikul citizen elected to dis yer office of mine! I tells you, culled folks, mind what yo' doin'; don't you 'lect nary carpet sacktoter." Vigorous twitches at the colored orator's coat-tail at this juncture caused a slight interruption, but looking behind him at the white managers of the powwow with a glance of virtuous indignation, he continued: "Lef go! lef go! you's at yer old tricks, tryin' to get into a office by swingin' onto a nigger's coat-tail; but it won't do; we knows yer; we's tin knowin' yer to our cost for a long time; so I say 'lect some home-made radikul—the genuine thing—not a—'Won't somebody put the d—d fool down," was yelled out behind him, and, before that negro could say John Robinson, over he went, heels above his head, off the platform.

SWIFT JUSTICE—LYNCHING OF A NEGRO BY PERSONS OF HIS OWN COLOR.—A most horrible and revolting outrage was perpetrated at Mount Vernon a day or two since, by a negro named Mack, upon two little white children, the eldest not more than eleven years of age. The fiendish act created an intense excitement in the community, which was also shared by the negroes. The country was scoured in every direction, and the monster captured. So great was the excitement and indignation of the people that it was determined to execute the prisoner on the spot.

After consultation, however, the case was left in the hands of an impromptu negro jury, who, after a full hearing, sentenced the prisoner to be hung, which sentence was executed on the spot.

His victims, we understand, are in a critical condition, but hopes are entertained of their recovery.—*Mobile Register* 29th.

GEN. GRANT AND HIS CABINET.—There is a very good authority for the statement that, in a conversation of Gen. Grant's the other evening at his residence, he remarked that he had made up his mind upon his Cabinet, but that, as yet, the persons whom he should invite to accept positions had been given no intimations of his intentions. Mrs. Grant remarked: "That is more than you have ever told me, General." He answered: "Yes; more than I have ever told any one yet."—A number of feelers were then thrown out, but all failed to elicit any hints upon that subject.—*Kansas Express.*

In Jackson county, Florida, the Court had to adjourn five different times on account of the black jury going to sound asleep and snoring almost as loud as a thunder storm.

Gossip has it that the rector of a very "high" church up town, New York, attends dinner parties, drink wine, plays cards, attends the theatre, &c.

FROM ST. DOMINGO.

English Agents Negotiating a Government Loan—The Proposed Annexation of the Island to the United States.

NEW YORK, Feb. 1.

A letter from St. Domingo, dated January 20, says Edward Hartment and Henry Graham Lawson are here negotiating a Government loan. Lawson is a son of an English member of Parliament. The party is accompanied by engineers, chemists, photographers and assistants, prepared to make an accurate report of the available regions of the Republic. They bring with them letters from Lord Stanley, and evidently mean business. Lawson has gone with a scientific corps to Alta vela, where an American company is now removing guano and paying a royalty of $2 50 per ton. There is also Mr. Santa Mulbada, the administrator of the Lyons railway, in the party.

It is understood that the proposition of these parties will not interfere with the plan of those New York interested steamship enterprises to establish at Samana a mail and trading centre of the West India islands.

That portion of President Johnson's message in which he treats of the annexation of Santa Domingo was received with the liveliest satisfaction. It is regarded by all parties as the only peaceful solution possible of the existing difficulties.

Special instructions have been sent to Fabens, the Dominican Envoy, to press the matter at Washington.

Except some guerilla raids on the border, the country is perfectly calm. Trade is reviving, and the crops, particularly tobacco, are unusually fine.

Francisco Antonio Gomez, the newly elected Vice President, is of the American school in politics, and is a man universally respected for his firm and patriotic character.

GOVERNOR BULLOCK NOT A DEFAULTER.

ATLANTA, GA., February 2.—The Finance Committee of two Democrats and one Republican, appointed to investigate the charges of the State Treasurer against Gov. Bullock of unlawful use of the State funds, issues the following card:

TO THE PUBLIC: We, the undersigned, a Committee appointed to investigate the charges of the State Treasurer against the Governor, hope that you will not form your opinions hastily. We are investigating the whole matter thoroughly. We doubt not, from evidence already before us, that the Governor has acted with the strictest integrity; the only question is as to his discretion, which is being fully investigated. We are induced to make this request of you because of the hasty course of the Treasurer in making public certain communications.

Albert D. Pyke was arrested last Thursday, at Fitchburg, Massachusetts, for adultery with his daughter-in-law, and shortly after said was indicted for the murder of his wife. It is said that he told his daughter-in-law that he could or would marry her if her mother was out of the way. Mrs. Pyke died on Thursday in violent spasms, declared by physicians to have been the effect of arsenic. The daughter has been arrested, and both parties are now in Fitchburg jail, awaiting the result of a *post mortem* examination. The deceased was about fifty years old. The daughter is twenty six.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries.
This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.
CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.
Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.
As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

NEW GOODS! NEW GOODS!

AT HOME AGAIN!!

WITH A HOUSE RAMMED AND PACKED FULL OF

NEW FALL AND WINTER GOODS,

FOR

1868.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but stop, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at E. Smith's corner, attending to my business, always ready to give you the worth of your money.
